The Minden Public Schools Board of Education addressed five staff resignations and four teacher contracts during the March 12 meeting.

Resignation letters from high school science teacher Steve Exstrom, speech pathologist Jana Green, seventh grade English teacher Rita Griess, activity director Phil Hoyt, and first grade teacher Deborah Schwenka were presented to the board. All five individuals are leaving their position for retirement.

Board member Kevin Raun noted there were 117 years served in Minden Public Schools between the five retirees and it would be a big job to replace them. With regret the board approved the resignation of Exstrom, Green, Griess, Hoyt, and Schwenka.
